

The Provincia di Torino, through its **International and European Relations and Projects Department**, pursues the aim of promoting the debate and the participation to the European Union policies and the access to the European Union resources in its own territory. The information is organized in three specific sections :

- **Europa** : section for the promotion of European Union policies, provides information on european fundings, promotes European Union initiatives, events and issues. In particular, it addresses the Departments of Provincia di Torino, the local and regional authorities and non-profit organizations.
- **Europe Direct** : information desk belongs to the network of European Union official Information Centers (DG Communication). It is aimed particularly at young people, schools and municipalities in the provincia di Torino, with the purpose of building a “ Citizens’ Europe”
- **Cooperazione** : section for the dissemination of solidarity’ s and intercultural dialogue’ s information and initiatives and projects of decentralized cooperation. Specifically targeted to local authorities, public and private institutions, NGOs and voluntary associations, educational, academic and cultural institutions.
